

Jennifer Pawlowski

“I have written a book that is available on Amazon! It's an ebook about my hysterectomy (age 37) I had last year due to a massive tumor and the menopause I am going through now. It's a serious story with a touch of humor. I want to let ladies know they aren't alone especially how young I was. I didn't have any kids, but I am ok with that! I have a 8 year old niece that I love to death :) I have gotten a lot of great feedback from women saying how brave I am to share my story with the public. I want my story out there to help others.”
